THE FIFTH LIBERTY LOAN

The Liberty Loan Bureau of Publicity announces the following:

Liberty Loan workers throughout the district are asking for information about press reports that the "Fifth Liberty Loan is cancelled," etc.

These reports are entirely wrong.

Secretary Glass has officially announced that the Victory Liberty Loan will be offered as per program. It will be a popular loan. It will be floated by a popular campaign and popular subscription. The same organization which successfully handled previous Liberty Loans is counted upon to handle this one.

Every worker is expected to stay with the job and work harder than ever for the success of the Victory Liberty issue.

The Government is cleaning up the war bills and expenditures are running very heavy. To obtain funds for current payments heavy borrowing has been done at the banks. The temporary loans against March taxes must be taken up to give business the necessary credit facilities for spring business. To meet the situation thus set up, and to carry out the revenue arrangements enacted by the new law, it will be necessary to go to the people for very liberal support of the Victory Liberty Loan.

Secretary Glass urges the Liberty Loan organization everywhere in the country to disregard all irresponsible reports and go on with their plans for the widest possible distribution of the coming loan.

Only by generous subscribing by everybody in America can the situation be met. Therefore patriotism requires steady saving by all citizens and hearty co-operation with Liberty Loan workers, so that the loan may be heavily oversubscribed.

No Liberty Loan worker has the right to throw down his job while the Victory Liberty Loan is in sight. On

WATER METER GRAFT

The health and pocketbooks of the people are again menaced. The water meter promoters are at it again.

This time a section of the daily press is backing the scheme.

Water meters mean less water. Less water means poor health. Water meters are costly. They are unnecessary.

The man who proposes water meters at this time is a traitor to the public.

YOU ARE JUST AS OLD AS YOUR SPINE

Even back as far as Caesar's time this saying was used. In later years, men substituted for it—"A man's just as old as he feels". Taking the two, and combining the meanings, we have the true expression and Chiropactic interpretation—"A man's just as old as his Spine allows him to feel". The spinal column is the main conduit through which the nerve cables pass from the brain, and from which the tiny feeders are distributed to every portion of the body. If through abnormal curvature, the bones of the spinal column obstruct the free flow of the health-giving currents from the brain to the bodily organs, disease results in the organs so affected. The Chiropactor adjusts the cause of the trouble, removes the pressure on the nerves without the use of Drugs or Knife. This allows Nature to build up the diseased organs or tissues. If there is any abnormal condition present in your body which is causing you suffering, let Chiropactic bring back normal conditions so you may again enjoy good health. F. H. Seubold, Chiropactor, 1331 Stevens Bldg.—Adv.

IMPORTANT INFORMATION REGARDING REGISTRATION OF BONDS

Important information concerning the registration of Liberty Loan bonds, as given out by the bond department of the Federal Reserve Bank of Chicago contains the following quotation from a letter from the Treasury department:

"With reference to accepting subscriptions for bonds to be registered in the names of persons giving only initials rather than the full name, I have to say that it is the intent of the Department, not for its own sake, but for the sake of holders of registered bonds, to have them registered in such manner as to enable the said holders, or their legal representatives, to dispose of them in the simplest and readiest manner. Bonds issued to women under their initials, or under the initials of their husbands, are not readily transferable in case of the death of the holder.

"Though letters of administration would be issued in the legal name of the deceased, and the bonds would be inscribed in her name, under her initials, or those of her husband, as the case might be. The letters of administration and the bonds would not agree as to the name, and therefore the administrator of Mrs. Sarah A. Smith, say, would have to prove that she and Mrs. Thomas W. Smith (or Mrs. S. Smith) were one and the same person. It is to avoid troubles of this character that the Department has insisted on receiving the legal name of persons subscribing for registered bonds.

"Of course, the Department cannot refuse to issue bonds under initials if the parties interested insist upon it, but it is requested that you, in all cases where it is possible, insist on receiving the full names of persons subscribing for registered bonds."

Charles Krutk: "I always made a good public record."

Ivan D. Koukoff, the well known money broker and steamship agent, is a leader on the West Side. He would make a good county commissioner.

John W. Eckhart has done much to build up the Irons Club. He makes a success of everything he undertakes.

Dixon C. Williams has high honors awaiting him at the hands of the people.
